

Continental Oak Greige de Dattier Hardwax

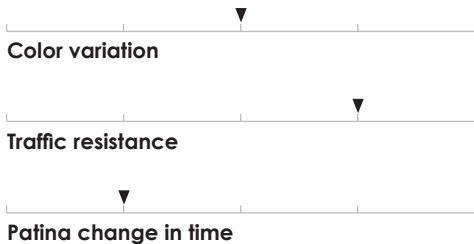

Pre-finished by hand, this Oak has a beige-grey timeless look and feel that fits a chalet or summerhouse. After fuming the wood, we bleach it giving the patina a long-lasting protection against yellowing. The wood is treated with hardwax-oil and can be soaped and reoiled time after time to nourish and protect the surface patina.

Species	Continental (European) Oak
Finish*	Glossy 2k Lacquer
Origin	European Oak (Quercus Robur) mainly over 80 years old. Grown in responsibly managed central European forests.
Maintenance	This finish can be cleaned regularly using our Natural or Whitewash Oil Soap. These feed and strengthen the surface over time and allow you to adjust the patina to your requirements.
Spot repair and Refinish	Professional maintenance with our Maintenance Oil will make this finish richer and protect it over time. Spot repairs are possible with our touch-up kit.

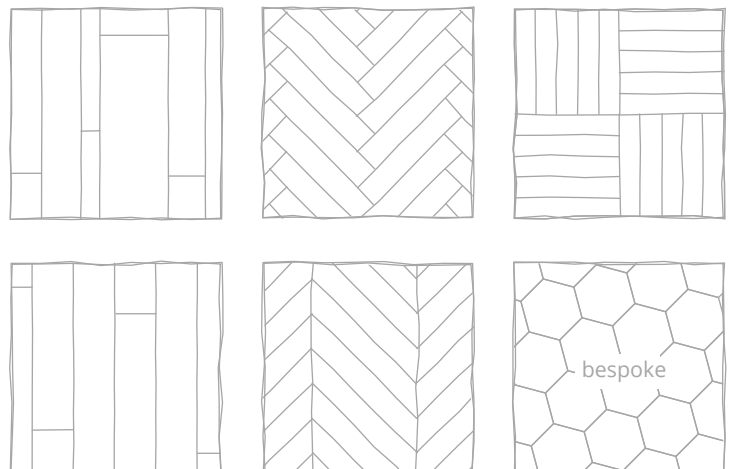

Structure**

Engineered: 19.5 +/- 0.5 mm, top layer 4.5 +/- 0.5 mm

Recommended patterns

*) Whilst our sampling and photography endeavours to show grain and colour as natural as possible, a sample or photo are never an exact representation of an entire floor. Wood being a natural material, variation in colour and grain exists, floors may change appearance over time through exposure to light, wear and tear and maintenance.

**) Prefinishing of solid floors may be subject to more strict recommendations for limited board dimensions and climate control. Read further on the next page.
