

## American Walnut Megève Bronze Hardwax

Pre-finished by hand with our Megève effect, the Walnut surface becomes denser and harder and reveals a deeply textured brown tone with a sophisticated and subtle bronze grain accent. This finish works particularly well in wide planks and parquet patterns for floors or walls. Real bronze metal inlays would be a beautiful finishing touch.

<b>Species</b>	American Walnut
<b>Finish*</b>	Hardwax-Oil
<b>Origin</b>	American dark Walnut ( <i>Juglans Nigra</i> ) mainly over 80 years old. Grown in responsibly managed forests in the northern states of the USA.
<b>Maintenance</b>	This finish can be cleaned regularly using our Natural Oil Soap, which feeds and strengthens the surface over time and makes the patina richer and deeper.
<b>Spot repair and Refinish</b>	Professional maintenance with our Maintenance Oil will make this finish richer and protect it over time. Spot repairs are possible with our touch-up kit.

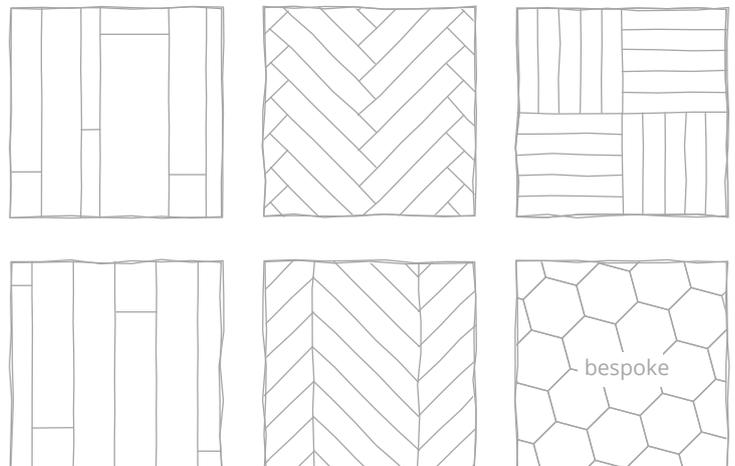

### Structure\*\*

Engineered: 19.5 +/- 0.5 mm, top layer 4.5 +/- 0.5 mm

### Recommended patterns

\*) Whilst our sampling and photography endeavours to show grain and colour as natural as possible, a sample or photo are never an exact representation of an entire floor. Wood being a natural material, variation in colour and grain exists, floors may change appearance over time through exposure to light, wear and tear and maintenance.

\*\*) Prefinishing of solid floors may be subject to more strict recommendations for limited board dimensions and climate control. Read further on the next page.
