

Maple Faded White Velvet Poly

Though very hard and dense, our White Maple is a very light-toned wood with a creamy smooth grain flow. Our special finish for this wood bleaches the wood even more pale, and prevents it from yellowing. As final protective coating we apply our hard-wearing new Velvet - almost ultramatt - poly lacquer.

Species	American Sugar Maple
Finish*	Velvet (extreme matt) 2k Lacquer
Origin	Mainly over 80 year old growth American Sugar Maple (<i>Acer Saccharum</i>) from responsibly managed Northern American and Canadian forests.
Maintenance	This finish can be cleaned regularly using our Premium Poly Fresh, which feeds and strengthens the surface over time.
Spot repair and Refinish	Professional maintenance with our Premium Polish will protect this floor for a very long time. For spot repairs and refinishing, we can provide efficient solutions.

Structure**

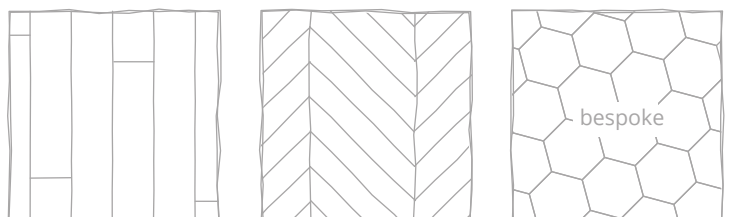

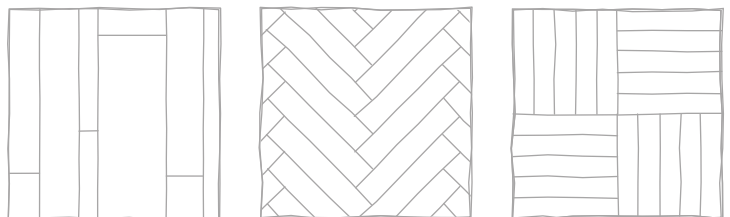

Engineered: 19.5 +/- 0.5 mm, top layer 4.5 +/- 0.5 mm

Solid: 19.5 +/- 0.5 mm

Recommended patterns

*) Whilst our sampling and photography endeavours to show grain and colour as natural as possible, a sample or photo are never an exact representation of an entire floor. Wood being a natural material, variation in colour and grain exists, floors may change appearance over time through exposure to light, wear and tear and maintenance.

**) Prefinishing of solid floors may be subject to more strict recommendations for limited board dimensions and climate control. Read further on the next page.
